## **IMPORTANT DIRECTIONS TO CUSTOMERS**

**By carefully observing the following directions, mistakes and misunderstandings will be very largely avoided**

### **How to Order**

Be careful to sign your name, box number, street or rural route, post office and state on every order. Be sure to tell us your nearest express or freight office should you desire the seed or merchandise forwarded by express, freight or truck line.

### **Cash With Orders or C.O.D.**

Ours is a cash business. Prices are made on that basis. Customers are requested to remit when ordering and by so doing save the C.O.D. fee charged by express companies, banks, and postal authorities for collecting and returning money.

### **Perishable Items Not Sent C.O.D.**

Perishable items such as rose bushes, nursery stock, seed potatoes, etc., are not sent C.O.D. under any circumstances.

### **How to Send Remittance**

Remittances should be made by postal money orders, checks or cash. **PLEASE DO NOT SEND STAMPS.**

### **Transportation and Sales Tax Charges**

Please bear in mind that the postpaid prices indicated in this price list include delivery to any point in Florida.

In making your order do not fail to include the necessary postage when the items you are ordering are not marked "Postpaid." Often, especially on small packages, you can save money by taking advantage of the lower parcel post rates. If you fail to include postage, we will necessarily have to reduce the order or send "Express or Freight Collect." Also be sure to include with your remittance the "State Sales Tax" on non-exempt merchandise. (See Page 3.)

When shipments are to be made by Express or Freight, it is very important to designate your Express or Freight Station.

### **Prices Subject to Change**

The prices indicated in this price list supercede all former quotations, including catalogs and previous price lists.

This price list is printed during the summer. The market on many items of garden and field seeds, as well as supplies, has not yet been fully established. Consequently, prices on these items indicate value at time these pages are printed. In practically all cases orders will be filled at prices indicated in this price list. *However, all prices listed are subject to change without notice.* Write for prices on larger quantities.

### **Return of Seeds for Exchange**

To safeguard our customers and ourselves we will not permit seeds to be returned if the package containing the seeds has been broken. Unbroken packages may be returned for exchange within a period of ten days after we have sent out the seeds, in case a mistake has been made in filling your order, and we will gladly make correction without any expense to you. No customer would want to plant seed that had been returned from broken or opened packages, nor would we feel safe in filling an order with such returned seed.

### **Warranty and Limitation of Liability**

We warrant that the seeds, bulbs and plants we sell are, at the time of delivery, as described on the container within recognized tolerances; but we limit our liability on this warranty to the amount of the purchase price of such seeds, bulbs and plants. We give no other or further warranty express or implied. **THE KILGORE SEED COMPANY.**

# **SALES TAX INFORMATION**

The Florida Revenue Act of 1949 (Sales and Use Tax) imposes a 3% tax on the retail sales of many commodities. Numerous agricultural supply items are exempt from the tax, and for your guidance in determining tax exempt items shown in this catalog, we list below those items that are not subject to the tax.

---

## **EXEMPT ITEMS**

Beekeeper's Gloves and Veils; Cans and Jars; Crate materials; Fencing—For farm use; Feeds—For farm animals; Grafting Wax and Rubber Strips; Hotcaps; Label Paste; Peat Moss; Poultry and Stock Remedies; Paper Pots—Plant Bands and Flats; Seeds—All Vegetable, Field Crop, Pasture Grasses, Onion Sets, Seed Potatoes; Seedbed Cloth; Seed Inoculants; Seed Treating Compounds; Starter Solutions and Root Inducing Materials; Terra-Lite; Tractors; Weed Killers.

## **EXEMPT ONLY IF USED FOR COMMERCIAL AGRICULTURAL PURPOSES**

Dusters; Farm tools; Fertilizers; Insecticides and Fungicides; Soluble Plant Foods; Fumigants; Garden tools; Raffia and Twine—Rubber Bands; Sprayers; Tarpaulins.

All other merchandise listed in this Planting Guide is subject to 3% State Sales Tax except sales to Dealers, Government Agencies, Schools, Churches and Charitable organizations provided Tax Exemption Certificate has been obtained from the State Comptroller. All orders from institutions or organizations claiming tax exemption must clearly indicate on order sent us, the certificate serial number and date of certificate.

## **THE RATE OF TAX APPLICABLE TO NON-EXEMPT SALES IS AS FOLLOWS:**

- (1) On single sales of 10c or less no amount shall be added for taxes.
- (2) On single sales in amounts from 11c to 35c, both inclusive, 1c shall be added for taxes.
- (3) On sales in amounts from 36c to 65c, both inclusive, 2c shall be added for taxes.
- (4) On sales in amounts from 66c to \$1.00, both inclusive, 3 shall be added for taxes.
- (5) On sales in amounts of more than \$1.00, 3% shall be charged upon each dollar of price, plus the above bracket charges upon any fractional part of a dollar in excess of even dollars.

## **SPECIAL NOTICE**

**In order to avoid delay in filling your order, on all non-exempt items, be sure to include with your remittance the proper amount of sales tax as indicated above. We are not permitted by law to assume the Sales Tax.**

Plant a "*Liberty Garden*" to help increase food supplies and to stretch the family food dollar. Join the National Liberty Garden movement by planting a vegetable garden this fall.

### **INFORMATION REGARDING KILGORE'S ANNUAL CATALOG, AND KILGORE'S FLOWER GUIDE FOR FLORIDA**

Instead of sending out a fall catalog, we are furnishing you with this "*Fall Planting Guide for Florida*." This serves as a supplement to Kilgore's large annual catalog, in which will be found complete detailed cultural directions for all vegetable crops when grown under Florida conditions, along with accurate description of each variety listed. Our annual Catalog also contains a complete listing, with prices, of different fertilizers, insecticides and fungicides, sprayers, dusters, Planet Jr. tools, miscellaneous tools and farm supplies, canning equipment, poultry and beekeeper's supplies, a stock of all of which we keep at all times in our fourteen Florida stores, also in our mail order department, Plant City, Florida. If you have misplaced or lost your annual 1952 catalog, we will gladly send you another copy upon request, or send you prices and information you desire with reference to any of the grower's supplies we handle.

Kilgore's large, new Annual Catalog for 1953 will be available about the first of December, 1952. If you do not receive a copy of this valuable book through the mail by the middle of December, just drop us a line to Plant City, Florida, and we will gladly send you a free copy and place your name on our mailing list.

If interested in beautifying your home surroundings with flowers write for "*Kilgore's Flower Guide for Florida*." Our new edition of this valuable Flower Guide will be available about September 1st, 1952. Send for your free copy.

## Root-Inducing Materials and Plant Stimulants

### HY-GRO Soluble Plant Food

An excellent starter solution for potted plants, seedbeds and transplanting. HY-GRO contains all the essential plant foods plus hormones and other plant nutrients such as Boron, Manganese, Copper, Zinc, Magnesium, Iron and Sodium. Use at the rate of 3 tablespoons of HY-GRO dissolved in 2 gallons of water (1 teaspoon in 1 quart). Lawns can be easily watered and fertilized at the same time by attaching a Hy-Gro Gat sprayer (see page 26) to your garden hose.

Hy-Gro can be used on growing and fruiting plants as a spray, or in combination with insecticide and fungicide sprays. As a plant stimulant at the rate of 3 lbs. to 100 gallons. This method has been very successful. It prolongs the life of the plant, increases the size of the fruit and prolongs the picking period. Hy-Gro is now being used very extensively by large commercial vegetable growers.

3 oz. 30c; 1 lb. 89c; 2 lbs. \$1.25; 10 lbs. \$5.25; 25 lbs. \$9.00;  
50 lbs. \$13.50; 100 lbs. \$25.00

### VHPF "VIP" Soluble Fertilizer

With hormones. Used as a starter solution, a nutritional spray and side dresser. Compatible with insecticidal and fungicidal sprays. Use 1 tablespoonful per gal., 1 lb. to 20 gals. and 6 lbs. per 100 gals. water.

1-lb. can 50c; 3-lb. bag 75c; 50-lb. bag \$11.50

### HYPONEX—A Good Starter Solution

Especially valuable in seedbeds and to start plants off after transplanting. Comes in a powder which makes liquid plant food containing all plant food elements plus Vitamin B<sub>1</sub>. Dilute 1 oz. in six gals. water. Postpaid.
